ASSIGNMENT NO. 1

Subject: Universal Human Values and Professional Ethics (UHV & PE)

UNIT III – Harmony in the Family and Society

1. Explain harmony in the family and describe why the family is considered the basic unit of human interaction.

2. What is trust in human relationships? Explain why trust is considered the foundational value in a relationship.

3. Explain respect as right evaluation. How is respect different from discrimination or comparison?

4. Describe the important values required for healthy human-to-human relationships with suitable examples.

5. Explain the difference between intention and competence in human relationships.

6. What is meant by harmony in society? Explain the role of justice and mutual happiness in building a harmonious society.

7. Explain the concept of an undivided society and its importance in human relationships.

8. What is meant by the universal human order? Explain its vision and major objectives.

9. Discuss how trust and respect can help resolve conflicts within a family or among friends.

10. Explain how the values learned in the family can contribute to harmony in society.
